

# Renters!

# Renters!

If you identify as Aboriginal or Torres Strait Islander and have experienced discrimination in the private rental market and other tenant issues, or, if you have seen discrimination happening, we want to hear about it!

Shelter SA is the peak body for housing in South Australia. We are conducting research to identify the challenges and opportunities in the private rental market for Aboriginal and Torres Strait Islander peoples. This anonymous survey will be used to gain insights into the lived experience of renters. The final report will be available on our website ([sheltersa.asn.au](http://sheltersa.asn.au)).

Take the quick, anonymous survey [here](#).
